

Arizona Board of Technical Registration

Board Chair Report, December 17, 2013

1. Two Weeks ago, I attended the NCARB Broadly Experienced Architect (BEA) Committee meeting in Albuquerque, NM. We reviewed Dossiers for two US Architects and two Broadly Experienced Foreign Architect (BEFA) Dossiers as well as conducting one BEFA interview. As always the committee work was interesting and informative.
2. I have begun working with Executive Director Cornelius on the development of the agenda for our Strategic Planning Meeting in February.
3. I issued a brief communications piece to the Arizona chapter of the AIA to remind applicants that they must sign up for and complete the IDP to be eligible for Arizona Registration upon successful completion of the ARE.

Respectfully Submitted,

Edward T. Marley, RA, NCARB
Board Chair
